

Formalin

Strophe: When - we started over
when - we had that feeling
when - I was your lover
when - we were together - together

Refrain: It's just a bad joke, just a warning on whatever you do
it's just not fair play and some nonsense on wherever you go
it's just a bad joke, just a warning on whatever you do
it's just not fair play and some nonsense - nonsense

Strophe: There - was our own place
here - we wanted to stay
near - to where our friends were
close - to eternal darkness

Refrain

Solo: Hear - what we have to say
see - lights on horizon
feel - this creepy feeling
lose - what you are used to

Refrain
