

# Reason

Strophe: Reason is good to know – what if there is no reason

Standing all alone – and don't know where to go

Keeps me away from home – what if there is no reason

Here it comes again – keeps falling, falling

Bridge: It's raining – it rains into my brain

It's raining – keeps falling, falling

Refrain: Try standing strong

Try – holding on

Time goes by

and I'll lose myself ... again

Strophe: Answers are good to know – what if there is no answer

Keeps me awake at night – and don't know what to do

Searching for shelter – how come, no one's responding

What's left is just a thought – keeps crying, crying

Bridge: It's bleeding – it bleeds so deep inside

It's bleeding – keeps crying, crying

Refrain

Middle: Shadow fades away – the pain, so engraving

Will never heal again – never, never, never

Refrain
